

BAND	In Year 8 Geography Criteria
	<p>I know...</p> <ul style="list-style-type: none"> <li>• A range of places, environments and features on a local, national and global scale.</li> <li>• How some places link and relate to each other.</li> <li>• How some patterns may vary depending on scale.</li> <li>• That some issues need to be tackled on a global rather than a local scale.</li> </ul> <p>I understand and can describe and explain in detail...</p> <ul style="list-style-type: none"> <li>• A range of human and physical processes which create and change the world around us.</li> <li>• Why some places are linked and the impact that this has on people and environments.</li> <li>• My own views and different viewpoints about geographical issues.</li> <li>• How some concepts and theories apply in the real world, e.g. sustainability issues.</li> </ul> <p>I can...</p> <ul style="list-style-type: none"> <li>• Apply a range of fieldwork and research techniques to investigate geographical issues.</li> <li>• Identify a range of data to investigate geographical questions.</li> <li>• Use a range of suitable techniques to present and analyse my data.</li> <li>• Select a range of relevant evidence from a range of sources.</li> <li>• Make valid and detailed conclusions.</li> <li>• Communicate clearly with excellent SPAG and use key geographical terms frequently</li> </ul>
	<p>I know...</p> <ul style="list-style-type: none"> <li>• A variety of places and their features in the UK and the world.</li> <li>• How some patterns may vary depending on scale (local, national and global).</li> <li>• How some topical issues occur in a variety of places.</li> </ul> <p>I understand and can describe and start to explain...</p> <ul style="list-style-type: none"> <li>• Various human and physical processes which create and change the world around us.</li> <li>• Why some places are linked and the impact that this has on people and environments.</li> <li>• My own views and different viewpoints about geographical issues.</li> <li>• How connections can be made between geographical ideas and places, e.g. sustainability issues.</li> </ul> <p>I can...</p> <ul style="list-style-type: none"> <li>• Apply fieldwork and research techniques to investigate geographical issues.</li> <li>• Choose relevant data to investigate geographical questions.</li> <li>• Use suitable techniques to present and describe my data.</li> <li>• Select relevant evidence from sources.</li> <li>• Make valid and supported conclusions.</li> <li>• Communicate clearly with excellent SPAG and use suitable key geographical terms</li> </ul>

I know...

- Some places and their features in the UK and the world.
- Some geographical patterns and why they exist.
- How some topical issues occur in a variety of places.

I understand and can describe in detail...

- Some human and physical processes which create and change the world around us.
- How some places are linked and the impact that this might have.
- My own views and some different viewpoints about geographical issues.
- How connections can be made between geographical ideas and places, e.g. sustainability issues.

I can, with some help...

- Carry out fieldwork and research techniques to investigate geographical issues.
- Choose some data to investigate geographical questions.
- Present and describe my data.
- Select and use evidence from sources.
- Make valid conclusions.
- Communicate clearly with good SPAG and use suitable key geographical terms.

I know...

- Some places and their features in the UK and the world.
- Some geographical patterns and suggest why they exist.
- How some topical issues occur in a variety of places.

I understand and can start to describe...

- A range of processes which create and change the world around us.
- How some places are linked.
- My own views and may recognise that other people may not have the same view as me.

I can, with help...

- Carry out fieldwork and research techniques to investigate geographical issues.
- Choose some data to investigate geographical questions.
- Present and describe my data.
- Use some evidence from sources.
- Make a conclusion.
- Communicate my ideas using some key geographical terms. SPAG shows some mistakes.

I know...

- About some places and features in the world.
- Some geographical patterns and can state them.

I understand and can start to describe ...

- Some processes which create and change the world around us.
- Similarities and differences between places.
- My own views and may recognise that other people may not have the same view as me.

I can, with significant help...

- Carry out fieldwork and research techniques to investigate geographical issues.
- Collect and record some data to investigate geographical questions.
- Present and start to describe my data.
- Occasionally use a piece of evidence.
- Attempt a simple conclusion.
- Communicate my ideas. SPAG requires improvement.
